

Precedence Table

OPERATORS	ASSOCIATIVITY
() [] -> .	left to right
! ~ ++ -- + - * & ( <i>type</i> ) sizeof	right to left
* / %	left to right
+ -	left to right
<< >>	left to right
< <= > >=	left to right
== !=	left to right
&	left to right
^	left to right
	left to right
&&	left to right
	left to right
?:	right to left
= += -= *= /= %= &= ^=  = <<= >>=	right to left
,	left to right

Unary +, -, \* and & have higher precedence than the binary forms.
